

Parents/Guardians:

To ensure that arrival and dismissal run smoothly, and more importantly that our **children remain safe**, please comply with the following guidelines:

- Have your child exit/enter the car on passenger side (closest to the curb) **only**.
- Once your child has exited/entered the car, carefully and slowly proceed to the passing lane and drive to exit on South 18th Street. Do **NOT** use the passing lane to go around other cars and pull into the loading zone. Be patient and wait your turn like everyone else!
- It is a right turn only onto South 18th St from 8:00-8:30 and 2:30-3:00. Please comply with this or you may be ticketed by the Lafayette Police Department.
- If you choose to walk your child to/from the building, please park your car in designated spaces/lot. Do **NOT** leave your car unattended in loading zone (see map). We encourage parents to stay in cars and use loading zone. It goes more quickly than you think!
- Use designated crosswalk to get to/from school building (see map).
- **Parking on playground/basketball courts is for overflow parking only.** Never use this area for dropping off children in the mornings. Those parents who choose to park in this area after school will be the last to be dismissed as we need to keep the pick-up line moving to free traffic on South 18th Street.
- To keep traffic moving in loading zone, keep goodbyes brief. Children should have their belongings ready to go for the school day. Please do hugs and kisses at home.
- **Be respectful of other adults and children.** As adults, we are role models and should behave in a positive manner. **Be mindful of Edgelea staff directing traffic.** They are there to keep everyone safe.
- **Kindergarteners will use Door B and 1st – 4th graders will use Door C.**

With your help in following the above guidelines, it is our hope that arrival and dismissal will be safe and efficient. Thank you for your cooperation.

South 18th Street
